

27-29 June 2018 (Reitoria ULisboa)

Chemistry at ULisboa & 2018 Summer School – 3rd Meeting of the College of Chemistry

3ECQUL

The College of Chemistry of ULisboa (CQUL) brings together professors and researchers from six Schools of the University of Lisbon with activity in Chemistry, contributing to the cohesion and collaboration of the University human and material resources in teaching and research.

In pursuit of the approved plan of activities for 2017-2019, the CQUL is pleased to organize the 3rd Meeting of the College of Chemistry (3ECQUL), entitled “Chemistry at ULisboa & 2018 Summer School” and aimed at all researchers and students. The “Chemistry at ULisboa” will take place in the Hall (*Salão Nobre*) of Rectory of ULisboa from June 27th to 28th while the “2018 Summer School” will be held at “Complexo 3Is” of Rectory on June 29th.

The main purpose will be to share information about the research work carried out by researchers from ULisboa, through oral (15 min), flash (5 min) and panel communications, grouped by the different Divisions of the CQUL: Energy & Environment, Life & Health, Materials and Technology & Industry. The “2018 Summer School” aims to provide some in-depth training on special topics delivered by distinguished invited speakers and to promote contacts of students with academic and industrial sectors.

Communications for “Chemistry at ULisboa”

The communications received from the researchers will be evaluated by the Scientific Committee of the 3ECQUL, which will decide the final form of presentation (oral or flash, only for researchers with a PhD, and poster, for all participants).

The template to be used is found in the document accompanying this newsletter (entitled "Abstract 3ECQUL") and should be sent to nunoconceicao@tecnico.ulisboa.pt.
